MEMORANDUM FOR: Deputy Director for Support

SUBJECT : Request for [] Barber Shop

25X

REFERENCE : Memo to DDS from D/NPIC dated 13 June 1971,
Same Subject (DD/S 71-2479)

1. This memorandum submits two recommendations for your approval; such recommendations are contained in paragraph 3.

2. Referent request (copy of memo attached) was approved by the Assistant Deputy Director for Support on 23 June 1971 and contained the caveat "approval subject to completion of arrangements consistent with the agreements governing the Headquarters Building barber shop." Messrs. [] subsequently met with Mr. Edward O. Ellis, Director, Vending and Special Services, Government Services, Inc. (GSI), on 20 July 1971 to discuss the administrative aspects of setting up a barber shop in []. Since we propose to move a chair from the Headquarters shop to [] Mr. Ellis estimates that the cost of such a shop would be approximately \$1,000. He favors an amendment to the current agreement, rather than a new agreement, and recommends we start negotiations with the General Services Administration. There is one significant difference from the existing arrangement that controls the Headquarters barber shop. As you know, the manager of the Headquarters barber shop pays GSI 13 per cent of the gross receipts; of this amount, GSI has been sending 6 1/2 per cent to the Agency's Employee Activity Association (EAA). Similar agreements, however, are now being written elsewhere for as much as 18 per cent of the gross receipts and is attributed to increased cost of barber shop equipment. Mr. Ellis indicated that while the 13 per cent is acceptable, he believes GSI will insist on retaining this per cent of the gross receipts until the equipment has been paid for. Thereafter, GSI will retain 6 1/2 per cent and EAA will receive a like percentage. Under the circumstances, we really cannot quarrel with the GSI position, and in the long run it is to our advantage to agree to this particular stipulation.

3. It is recommended that:

a. You sign the attached letter to Mr. J. F. Galuardi, Administrator, Region 3, General Services Administration, and

b. You approve our deferring receipt of 6 1/2 per cent of the gross receipts of the new shop until the initial equipment is paid for.

/s/Harry B. Fisher

Mr. J. F. Galuardi
Administrator, Region 3
General Services Administration
7th and D Streets, S. W.
Washington, D. C. 20407

Dear Mr. Galuardi:

On 29 October 1964 an agreement was entered into between General Services Administration and Mr. Kermit Scragg which authorized Mr. Scragg to operate a barber shop in the Central Intelligence Agency building, Langley, Virginia. This has proved a very satisfactory arrangement from an Agency standpoint and we believe equally so to Mr. Scragg.

We desire at this point to have the current agreement expanded to provide for a one-chair barber shop in the National Photographic Interpretation Center, [redacted]

[redacted] A representative of our Office of General Counsel has reviewed the agreement and is of the opinion that it can be amended to accomplish this proposal. Suitable space has been identified in [redacted] and we are convinced there are sufficient male employees at this location to adequately support a one-chair shop. We propose to move a barber chair from our Headquarters shop to [redacted] and have discussed this as well as the entire proposal with Mr. Scragg who is most interested in entering into such an agreement.

I am sure you are aware that there are various security aspects we must consider and these will be greatly simplified by an amendment of the current agreement. Mr. Scragg is fully aware of the security restrictions and internal policies under which we operate and his further utilization would insure coverage from our shop in the Headquarters building in the event the barber in [redacted] is absent.

Mr. A. W. Innamorati
Assistant Commissioner
Office of Buildings Management
Public Buildings Service
General Services Administration
Washington, D. C. 20407

Dear Mr. Innamorati:

We wish to provide a one-chair barber shop in the National Photographic Interpretation Center, []

[] We propose to move a barber chair from our Headquarters Building to Building [] where suitable space has been identified.

We have discussed the above plan with your Mr. Robert D. Marcus and with Mr. Edward O. Ellis, Director, Vending and Special Services, Government Services, Inc. (GSI). We concur with Mr. Ellis' recommendation that the existing agreement concerning the Headquarters Barber Shop operation be amended to include the [] shop. We also agree with his proposal that GSI retain the entire 13 percent of the gross receipts of the new shop until the equipment has been paid for. After that, GSI will send 6 1/2 percent to the Agency's Employee Activity Association.

Mr. [] ., the Agency's project officer in this instance, is available at any time to meet with your designee or to furnish additional information if required. Mr. [] telephone number is IDS code 143, extension []

We would appreciate your assistance in providing the new service in [] as soon as possible.

Sincerely,

Signed: John F. Blake

Remarks:

We assume the proposed barber shop in NPIC will average 200 haircuts per month. Based on this assumption and GSI's proposal that they retain 13 per cent of the gross until the equipment is paid for, EAA would begin receiving 6 1/2 per cent in approximately 18 months.

2 - 3:

1. The attached request from D/NPIC requests that we negotiate an amendment to the present Headquarters Barbershop contract to provide a barbershop for employees working in

2. We have been working with NPIC officials on this matter for some time and will work with them in perfecting the contract with GSI. Also, we will want to insist that the same financial arrangement in force with GSI concerning the barbershop in the Headquarters Building applies to the proposed barbershop at NPIC, namely, a share of the proceeds reverts to EAA.

3. I recommend that the Deputy Director for Support approve this request.

MEMORANDUM FOR: Deputy Director for Support

THROUGH : Chief, Administrative Staff, DBI
Director of Personnel

SUBJECT : Request for [] Barbershop

25X

1. This memorandum contains a recommendation in paragraph 5 for the approval of the Deputy Director for Support.

2. The management of the National Photographic Interpretation Center (NPIC) is keenly aware of its responsibility for the safety, morale and well being of the nearly [] Agency and Department of Defense employees who are assigned to []. Because of this awareness, we have continually reviewed the services and facilities which are necessary to support our large workforce and have provided among other things: a building cafeteria, physical fitness room, credit union branch and a complete employee activity program. During the past few months we have become convinced that there is also a very real need to provide a barbershop in [] for our employees.

25X

3. There are over [] male employees in [] and it is impossible for them to obtain barber service within a reasonable distance from their offices because of our physical location. The problems our employees experience in parking on the streets of [] have been documented in the past and are indicative of what would be faced in seeking such service in this area. Recognizing that barbershops have been provided in government buildings for other employees, we have held initial discussions regarding our situation with the Benefits and Services Division, Office of Personnel; the Logistics Services Division, Office of Logistics; and with Mr. Edward O. Ellis of Government Services Incorporated (GSI). We have also located suitable

25X1

space on our first floor which can be modified at minimum expense for use as a barbershop.

4. It is our opinion, and that of the GSI representative, that a barbershop for [] can best be provided by amending the present contract for the Headquarters barbershop. If a new contract were to be written instead, Mr. Ellis indicates that the General Services Administration would require him to conduct open bidding. This would result in unnecessary administrative and security complications. There are several minor administrative matters that will have to be worked out with GSI, including the profit ratio for the new facility, the type of equipment to be installed and the amortization schedule for the equipment. It is believed, however, that these kinds of details can be resolved to mutual advantage.

25X1

5. In view of the need for barber services in [], approval is requested for appropriate DDS officers to negotiate an amendment to the present GSI contract to provide a [] barbershop.

CONFIDENTIAL

23 June 1971

NOTE FOR: Mr. Wattles

Space is available. It will be a one-chair shop. The chair will be taken from Headquarters Building shop and moved to NPIC.

NPIC Log Officer says water is nearby--plumbing will not be a problem.

NPIC will pay for installation costs.

Apparently there has been some problem convincing GSA that a shop in [] will pay. They seem to have acquiesced.

I have not pulled our file on the headquarters shop from Records Center to see, but [] assures me that DD/S has all the authority he needs to grant this approval.

It would be helpful to OP if your approval carried a caveat to the effect that: "Approval subject to completion of arrangements consistent with the agreements governing the Headquarters Building barber shop." This will take care of [] note on the routing sheet but allow them the flexibility they would like to have in dealing with NPIC and GSI.
